Cameron Memorial Community Hospital Chooses BlueWare to Improve Workflow and Physician Utilization

BlueWare Client to Leverage Workflows for Faster Chart Completion

Cadillac, Michigan—April 8, 2008 – BlueWare, Inc. announced today that Cameron Memorial Community Hospital, Angola, Indiana, has chosen BlueWare's EHR, *Wellness Connection*, to help improve the workflow around their electronic medical records for faster chart completion, saving time and dollars.

By adding the electronic chart deficiency module, CMCH will be able to provide electronic communication of chart information ensuring the highest quality of information is available. With electronic signature, physicians will have the ability to electronically sign off on documents, triggering a series of workflows that allow for quicker completion of the chart and quicker payments for the hospital.

All this extra functionality translates into more efficient communication processes, which save staff time and seeing an even quicker return on investment. Sandy Brady, Health Information Management Director for CMCH, commented on their relationship with BlueWare, "With help from BlueWare, we have accelerated patient care while achieving a more harmonious relationship with the local medical community."

About Cameron Memorial Community Hospital

Cameron Memorial Community Hospital is a critical access general community hospital located in Angola, Indiana. CMCH is a major provider of a wide range of health services to the people of Steuben County and the surrounding areas. These services are to be provided in the spirit of charity, concern and excellence.

About BlueWare, Inc.

BlueWare is an international Strategic Healthware Solutions corporation located in Cadillac, Michigan. The development and marketing of software and hardware products specific to the healthcare industry is the major focus of our business. BlueWare develops and supports a family of software products, including the award-winning Wellness Connection, targeted at providing an on-line medical record for hospitals.

We employ a staff of highly skilled and certified professionals, teachers and healthcare leaders to perform in two distinctive areas, Industry Consulting and Product Specialization. Our associates are proficient in many healthcare related fields, and familiar with the issues of today's healthcare provider, distinguishing ourselves as a solution provider for the healthcare industry.

BlueWare's cause is noble, through our products we are committed to improving the quality of life for the people in the communities we serve. We strive to address the challenges and develop products that take into consideration the concerns of healthcare providers; security, cost, installation time and training. We are committed to the integrity of our service and to building relationships with our clients as they grow and prosper.

As an IBM Premier Business Partner, our mission is to build upon the platforms in place of healthcare providers-- by creating solutions for the interim and assisting our industry as it changes to further assist the medical patients. We are

currently aggressively partnering with the Integrating Healthcare Enterprise (IHE) and the Electronic Health Records Vendors Association (EHRVA) to create interoperability between Electronic Health Records as we move to a RHIO based market.
