BlueWare Finalist for Information OnDemand Award

BlueWare One of Two Finalists for Information Management Solution Award

Cadillac, Michigan—September 17, 2007 – BlueWare has been named as one of two finalists for the 2007 Information Management Solution Award to be given out at the IBM Information OnDemand Conference October 14, 2007 in Las Vegas, Nevada. During the conference there will be a special ceremony recognizing the winners and finalists of the award.

BlueWare President and CEO, Rose Harr, no stranger to the award podium, will be attending the conference with hopes to take home first prize. "Being recognized as a finalist for this illustrious award is just one more reason why I believe we have the best staff of employees. Each person has worked hard for this, and I hope we can take home first prize."

About BlueWare, Inc.

BlueWare is an international Strategic Healthware Solutions corporation located in Cadillac, Michigan. The development and marketing of software and hardware products specific to the healthcare industry is the major focus of our business. BlueWare develops and supports a family of software products, including the award-winning Wellness Connection, targeted at providing an on-line medical record for hospitals.

We employ a staff of highly skilled and certified professionals, teachers and healthcare leaders to perform in two distinctive areas, Industry Consulting and Product Specialization. Our associates are proficient in many healthcare related fields, and familiar with the issues of today's healthcare provider, distinguishing ourselves as a solution provider for the healthcare industry.

BlueWare's cause is noble, through our products we are committed to improving the quality of life for the people in the communities we serve. We strive to address the challenges and develop products that take into consideration the concerns of healthcare providers; security, cost, installation time and training. We are committed to the integrity of our service and to building relationships with our clients as they grow and prosper.

As an IBM Premier Business Partner, our mission is to build upon the platforms in place of healthcare providers--by creating solutions for the interim and assisting our industry as it changes to further assist the medical patients. We are currently aggressively partnering with the Integrating Healthcare Enterprise (IHE) and the Electronic Health Records Vendors Association (EHRVA) to create interoperability between Electronic Health Records as we move to a RHIO based market.
