BlueWare Meets with Visiting Brazilian Rotary Team

Cadillac, MI— May 28, 2009—Members of the Brazilian Rotary District 4500 GSE Team visited BlueWare as part of their tour of Michigan.

Visitors included Mr. Adilson Moraes dos Santos and Mr. Semio Pessoa Timeni Segundo, experts in import/export and business consulting, and current members of the Brazilian Rotary Team.

BlueWare is one of the most technologically advanced companies in Northern Michigan, making it a natural fit for the Rotary Team's quest to observe a wide range of industries. BlueWare was honored to give a tour of the Cadillac headquarters as well as a demonstration of BlueWare's latest clinical document management developments.

After viewing a demonstration of BlueWare's software, the guests agreed that this technology would be very useful throughout the country of Brazil. BlueWare's CEO, Rose Harr commented on the visit, stating "The relationship we establish with our Brazilian quest today may lead to business opportunities in the country of Brazil in the future."

About BlueWare, Inc.

BlueWare is an international software corporation dedicated to the healthcare industry. We develop and support a family of products that delivers a comprehensive electronic health record. BlueWare believes in a healthcare environment where information is accessible, accurate, and comprehensive. We devote our work to advancing a longitudinal electronic health record that interoperates with various systems to create the most complete record on the market. We believe that we can utilize each system within your facility to coordinate all patient information together into one user-friendly system, creating the all digital health record from "cradle to grave".
